The Home tab contains a wealth of useful information

This page changes on a per-client basis, so the image is approximate. The content in the center may change to display messages specifically for your organization.

Main Navigation Overview

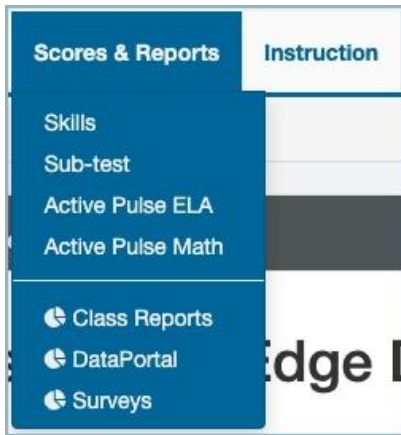

Class Tab

The **Class tab** is where you create your class(es), add students, assign assessments, and view and/or print student login information.

Test Queue Tab

The **Test Queue tab** is used to assign assessments to the whole class or to individual students.

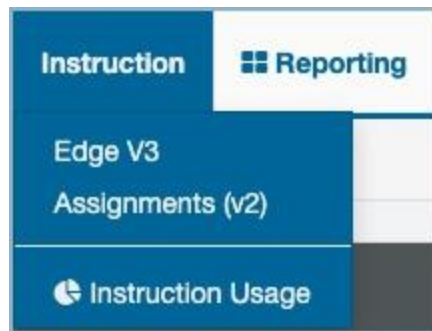

Scores & Reports Tab

The **Scores & Reports tab** is where you can view your students' results and run reports. You can also access the teacher reports and data portal from this tab.

Instruction Tab

The **Instruction tab** is where you manage your students' Edge assignments and usage as well as the Assignments tool.

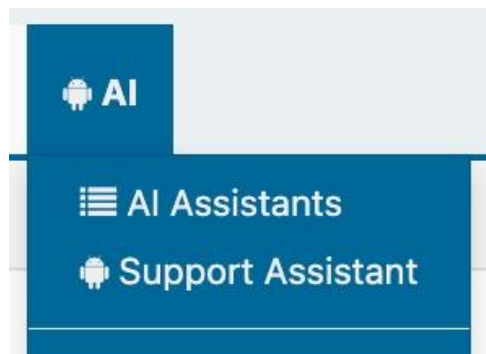

Reporting

The **Reporting tab** is where you find the Site Reports and Data Portal reporting page.

AI Tab

AI Assistants includes: Lesson Plan Assistant (Luna), Support Assistant (Kia), LCE Assistant (Lina), Learning Plan Assistant (Airma), Math Assistant (Adam), and Reading Assistant (DORA)
Support Assistant - Kia

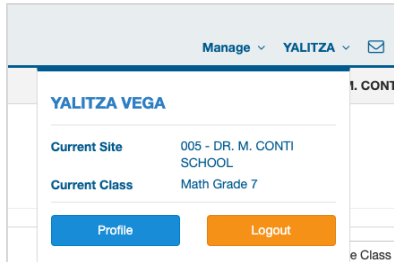

Manage Link

The **Manage link** allows you to connect with the Student Roster, Add Student, View Classes, and Add Class pages.

Profile Link

The **Profile link** allows you to manage your account profile and log out of your account.

Help Link

The **Help link** gives you access to Request Support, and Knowledge Base pages.
